REASONS FOR ALLOWANCE

1. This Office Action is responsive to the Amendment filed on 2/27/06.
2. Claims 15, 16, 19 and 20 are allowed.
3. The following is an examiner's statement of reasons for allowance:

-Regarding to independent claims 15 and 19, Reis et al (5,686,902), previously cited, teaches the claimed method and associated system of communication between a communication station and one or more data carriers except that Reis et fails to teach a feature that the communication station generates an acknowledge signal having a given number of main bits, with each bit associated with a time slot, wherein those main bits which are associated with a time slot in which a response signal from a respective data carrier has appeared alone are set to a given bit value; and adds to each main bits at least one additional bit with a value for representing as a parameter of the respective data carrier. It would not have been obvious for one skilled in the art to implement Reis et al in view of other prior art of record for leading such the implementation to the claim invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phuong Phu whose telephone number is 571-272-3009. The examiner can normally be reached on M-F (8:00 AM - 4:30 PM).
